401 Series 19" Home Install Cabinet

Features:

- Fully welded construction for strength & rigidity
- Lockable steel framed acrylic door for safety & security
- 4U, 6U, 9U, 12U, 15U heights available
- Front mounting profiles (adjustable depth)
- 225mm depth single section cabinet
- Cable entry top & base also side panel 'knock outs'

The 401 Series has been specially designed to provide a high quality cost effective solution for small office or home installations.

The 401 Series is a strong and robust cabinet, fully welded construction, with a steel framed acrylic door, for safety and security. The door has a quick release hinge to allow easy access

to load equipment and cables.

The 401 Series has cable entry access via top and bottom with gland plates covers, and adjustable mounting angles. The side panels include cable entry 'knockouts' for easy cable routing.

Optional Upgrade:

The low profile 225mm depth can be upgraded to a double section cabinet by ordering the 130mm hinged rear section, which increases the depth to 355mm; this also allows access to the rear of installed equipment.

401 Cabinets

Height	Depth (mm)	Part Number	Rear Section Depth (mm)	Part Number	Overall Height (mm)
		604mm wide			
4U	225	4012204/G	130	tba	240
6U	225	4012206/G	130	tba	330
9U	225	4012209/G	130	4065109/G	463
12U	225	4012212/G	130	4065112/G	596
15U	225	4012215/G	130	4065115/G	730

Colour Specification
