<b>Swivel</b>	90 °
<b>Type</b>	black
<b>Weight</b>	1.68 kg
<b>Width</b>	from 160 to 320 mm

The combination of the stand and the tablet PC Holder supports you on stage, at home or in the studio. The unique clamp mechanism holds all common Tablet PC models such as iPad mini, iPad, iPad Air, iPad Pro, Amazon Kindle, Amazon Fire, Samsung Galaxy Tab, Google Nexus, Asus Transformer or Microsoft Surface in size from 120 to 222 mm safe and secure. The holder is particularly suitable for the use of tablets with protective shields or cases. Thanks to a tension spring clamp a tablet can be attached and removed from the holder in a snap. The universal gripping device with integrated moss rubber guarantees a secure hold and eliminates unwanted vibration sounds. The additional adjustable bracket covered in felt and rubber caps provides additional safety when setting the tablet holder in the portrait format position, ensuring that the tablet PC does not dislodge from the holder even in the toughest of stage environments. The clamp grips are adjustable, ensuring that one can easily access the functions of the individual devices. The Tablet PC can be switched from the portrait to the landscape position and vice versa without slipping. The two-piece rod combination can be adjusted to any height between 700 and 1550 mm. The stand folds to a small and compact size for an easy transport.
