	MVTNGFC	20 Kg	75mm bowl	● + MVA060TF bowl adapter (sold as an accessory) + 560BALLSH half ball (sold as an accessory)	● + MVA060TF bowl adapter (sold as an accessory) + 560BALLSH half ball (sold as an accessory)	● + MVA060TF bowl adapter (sold as an accessory) + 560BALLSH half ball (sold as an accessory)	● + 520BALL or 520BALLSH half ball (sold as an accessory)	● + 520BALL or 520BALLSH half ball (sold as an accessory)	● + 520BALL or 520BALLSH half ball (sold as an accessory)	● + 520BALL or 520BALLSH half ball (sold as an accessory)	● + 520BALL or 520BALLSH half ball (sold as an accessory)	
	528XB	50 Kg	100mm bowl + 100mm half ball								● remove 100mm half ball included in the tripod	● remove 100mm half ball included in the tripod
	MVT502AM	15 Kg	75mm bowl + bowl adapter 75 to 60mm	● + use bowl adapter 75 to 60mm (included in the tripod) + 560BALLSH half ball (sold as an accessory)	● + use bowl adapter 75 to 60mm (included in the tripod) + 560BALLSH half ball (sold as an accessory)	● + use bowl adapter 75 to 60mm (included in the tripod) + 560BALLSH half ball (sold as an accessory)	● + 520BALL or 520BALLSH half ball (sold as an accessory) remove bowl adapter 75 to 60mm included in the tripod					
	MVTTWINMA/ MVTTWINGA	25 Kg	100mm bowl + bowl adapter 100 to 75mm				● + use bowl adapter 100 to 75mm (included in the tripod) + 520BALL or 520BALLSH half ball (sold as an accessory)	● + use bowl adapter 100 to 75mm (included in the tripod) + 520BALL or 520BALLSH half ball (sold as an accessory)	● + use bowl adapter 100 to 75mm (included in the tripod) + 520BALL or 520BALLSH half ball (sold as an accessory)	● + use bowl adapter 100 to 75mm (included in the tripod) + 520BALL or 520BALLSH half ball (sold as an accessory)	● remove bowl adapter 100 to 75mm included in the tripod	● remove bowl adapter 100 to 75mm included in the tripod
	MVTTWINMC/ MVTTWINGC	20 Kg	100mm bowl + bowl adapter 100 to 75mm				● + use bowl adapter 100 to 75mm (included in the tripod) + 520BALL or 520BALLSH half ball (sold as an accessory)	● + use bowl adapter 100 to 75mm (included in the tripod) + 520BALL or 520BALLSH half ball (sold as an accessory)	● + use bowl adapter 100 to 75mm (included in the tripod) + 520BALL or 520BALLSH half ball (sold as an accessory)	● + use bowl adapter 100 to 75mm (included in the tripod) + 520BALL or 520BALLSH half ball (sold as an accessory)	● remove bowl adapter 100 to 75mm included in the tripod	● remove bowl adapter 100 to 75mm included in the tripod
	MVTTWINFA/ MVTTWINFC	25 Kg	100mm bowl + bowl adapter 100 to 75mm				● + use bowl adapter 100 to 75mm (included in the tripod) + 520BALL or 520BALLSH half ball (sold as an accessory)	● + use bowl adapter 100 to 75mm (included in the tripod) + 520BALL or 520BALLSH half ball (sold as an accessory)	● + use bowl adapter 100 to 75mm (included in the tripod) + 520BALL or 520BALLSH half ball (sold as an accessory)	● + use bowl adapter 100 to 75mm (included in the tripod) + 520BALL or 520BALLSH half ball (sold as an accessory)	● remove bowl adapter 100 to 75mm included in the tripod	● remove bowl adapter 100 to 75mm included in the tripod

This chart is intended to show Manfrotto 128RC, MHXPRO-2W, 500, 502, 504X, 608, 612, 509 and 526 heads recommended combinations with the main Manfrotto video tripods and also provide details on how to create the kit.

To evaluate the possible combinations between a head and a tripod, you need to start by evaluating the weights involved, in this order:

- 1) The weight of the camera and any accessories mounted on it or directly to the head (e.g. microphones, lights, monitors, arms etc.) **MUST NOT EXCEED the Maximum recommended payload for the video head**
- 2) The total weight calculated in the step 1), plus the weight of the video head and any other accessories between the head and the tripod (e.g. leveling half-ball, etc.) **MUST NOT EXCEED the Maximum recommended payload for the tripod**
